Tucson, AZ 85705

Dear Jim;

I'm writing this letter to express my gratitude for the work you've done introducing the Air for Paws product to the Tucson Save-a-Life Foundation. Your work was instrumental in bringing together a team that secured life-saving pet resuscitation kits for fire engines from Tucson, South Tucson, and Avra Valley.

Through it, TFD is better prepared to properly treat pets adversely affected by fires, as well as other emergency situations our First Responders encounter.

The City of Tucson and pet lovers throughout the valley owe you a debt of thanks for your work in support of this program.

Sincerely,

Steve Kozachik
Tucson City Council Member, Ward 6
